SUMMARY

Dedicated Full Stack Developer with hands-on experience building production-grade web applications using Laravel, React, JavaScript, Tailwind CSS, SQL, and REST APIs. Experienced in collaborative software development, Git workflows, and responsive application development. Passionate about learning new technologies including Java and Spring Boot while contributing to scalable software solutions. TypeScript.

WORK EXPERIENCE

Intern Software Developer, eSupport Technologies (Pvt) Ltd **May 2025- November 2025**

- Assisted in developing and improving the company's Crash Game system, including frontend UI updates, betting logic fixes, and backend enhancements. (Laravel, React)
- Contributed to the Booking Platform, implementing admin authentication, property management features, search filters, multi-currency support, and partner dashboard functions. (Laravel)
- Refactored Laravel controllers, migrations, Blade templates, and JavaScript components to improve performance, maintainability, and consistency.
- Worked with Git for branch management, conflict resolution, and merging feature updates.
- Collaborated with the team in daily tasks, debugging issues, and improving UI/UX.

Freelance Video Editor, Traveller Ananda Rodrigo (YouTube Channel) **December 2025 - Present**

- Edited and polished YouTube videos for the channel, managing cutting, pacing, transitions, and audio clean-up.
- Performed color adjustments and designed engaging thumbnails to improve click-through rates and viewer engagement.
- Improved overall content quality and visual flow, ensuring videos aligned with the creator's publishing routines and brand guidelines.
- Tools: CapCut, Canva.

SKILLS

- Node.js basics
- API development & integration
- MVC Architecture

Frontend

- HTML, CSS, Tailwind CSS, Bootstrap
- JavaScript, React, Next.js
- UI/UX development, SVG optimization, Responsive design

Databases

- MySQL, SQL, SQLite
- Migrations, Schema Design, Query Optimization

Soft Skills

- Problem-solving
- Time management
- Team collaboration
- Strong work ethic
- Rapid learning

EDUCATION

Bachelor of Information Communication Technology(hons)

Rajarata University of Sri Lanka, Mihintale

GPA: 3.33 / 4.0

Dec 2021 - Mar 2026

Diploma in Software Engineering

National Institute of Business Management (NIBM), Kandy

GPA: 3.65 / 4.0

Mar 2020 - Aug 2022

PROJECTS

TRAVELLER ANANDA RODRIGO – TRAVEL PORTFOLIO WEBSITE

2025

- Built a YouTube traveler portfolio platform to showcase travel videos, locations, and live YouTube subscriber statistics, an interactive travel map, and a modern responsive UI.
- Tools: Next.js 14, React, Tailwind CSS, Framer Motion, YouTube Data API, React Leaflet, EmailJS

ALO-BOT (ALBION ONLINE BOT)

2025

- Built a YOLO-based computer vision tool that detects in-game resources and automates harvesting actions for research purposes.
- Tools: Python, YOLO, OpenCV

WEATHER DASHBOARD APPLICATION

2025

- Developed a real-time weather dashboard with Angular and Node.js using WeatherAPI, featuring secure API integration, responsive UI, and dynamic weather display with error handling.
- Angular, Node.js, WeatherAPI

EXTRU OFFICIAL WEBSITE

2025

- Developed the official website for the Extru Exhibition by the Faculty of Technology at Rajarata University of Sri Lanka.
- Tools: HTML, CSS, JavaScript

ESP32-CAM CCTV SYSTEM

2024

- Built a smart CCTV system with live streaming, relay control, and AI-based object detection.
- Tools: ESP32-CAM, Arduino, Python, YOLOv8

GROCERY SHOP MANAGEMENT SYSTEM

2023

- Developed a POS (Point of Sale) system to manage inventory, sales, and customer data efficiently.
- Tools: JavaFX, SQL

VEHICLE REPAIR CENTERS WEBSITE

2022

- Designed a platform to connect vehicle owners with repair center, enabling online service booking.
- Tools: PHP, HTML, CSS, JavaScript, SQL

HEALTHY FARM CROPS WEBSITE

2020

- Built a platform to facilitate the buying and selling of farm products, promoting sustainable agriculture and connecting farmers directly with buyers.
- Tools: PHP, HTML, CSS, JavaScript

YOUTUBE VIDEO EDITING – CONTENT SUPPORT

2023–PRESENT

- Edited and polished YouTube videos for content creators, including cutting, pacing, transitions, audio clean-up, color adjustment, and thumbnail creation. Improved content quality and visual flow to support creator publishing routines.
- Tools: Adobe Premiere Pro, CapCut, Canva
